

MARMO MOBILE STONE LAB

We proudly represent one of the leading Italian companies in the metal-mechanical sector, specializing in manufacturing diamond tools, machines and plants for processing ceramic, natural and synthetic stone.

Internationally acclaimed, we boast the highest number of patents, utility models, and industrial designs in the stone industry, filed, extended, and confirmed on a global scale.

MARMO MOBILE STONE LAB

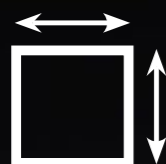

The Revolutionary in Stonework.
Wherever you are.

A mobile workshop for stone processing

Introducing the **MARMO** MOBILE STONE LAB: a customizable, innovative solution for stone processing. Easily assembled and equipped with cutting-edge technology, it offers flexibility and precision for on-the-go stonework.

Dimensions
CONTAINER 20' HIGH CUBE
5,7x2,3x2,7 mt

Maximum capacity
5 Tons.

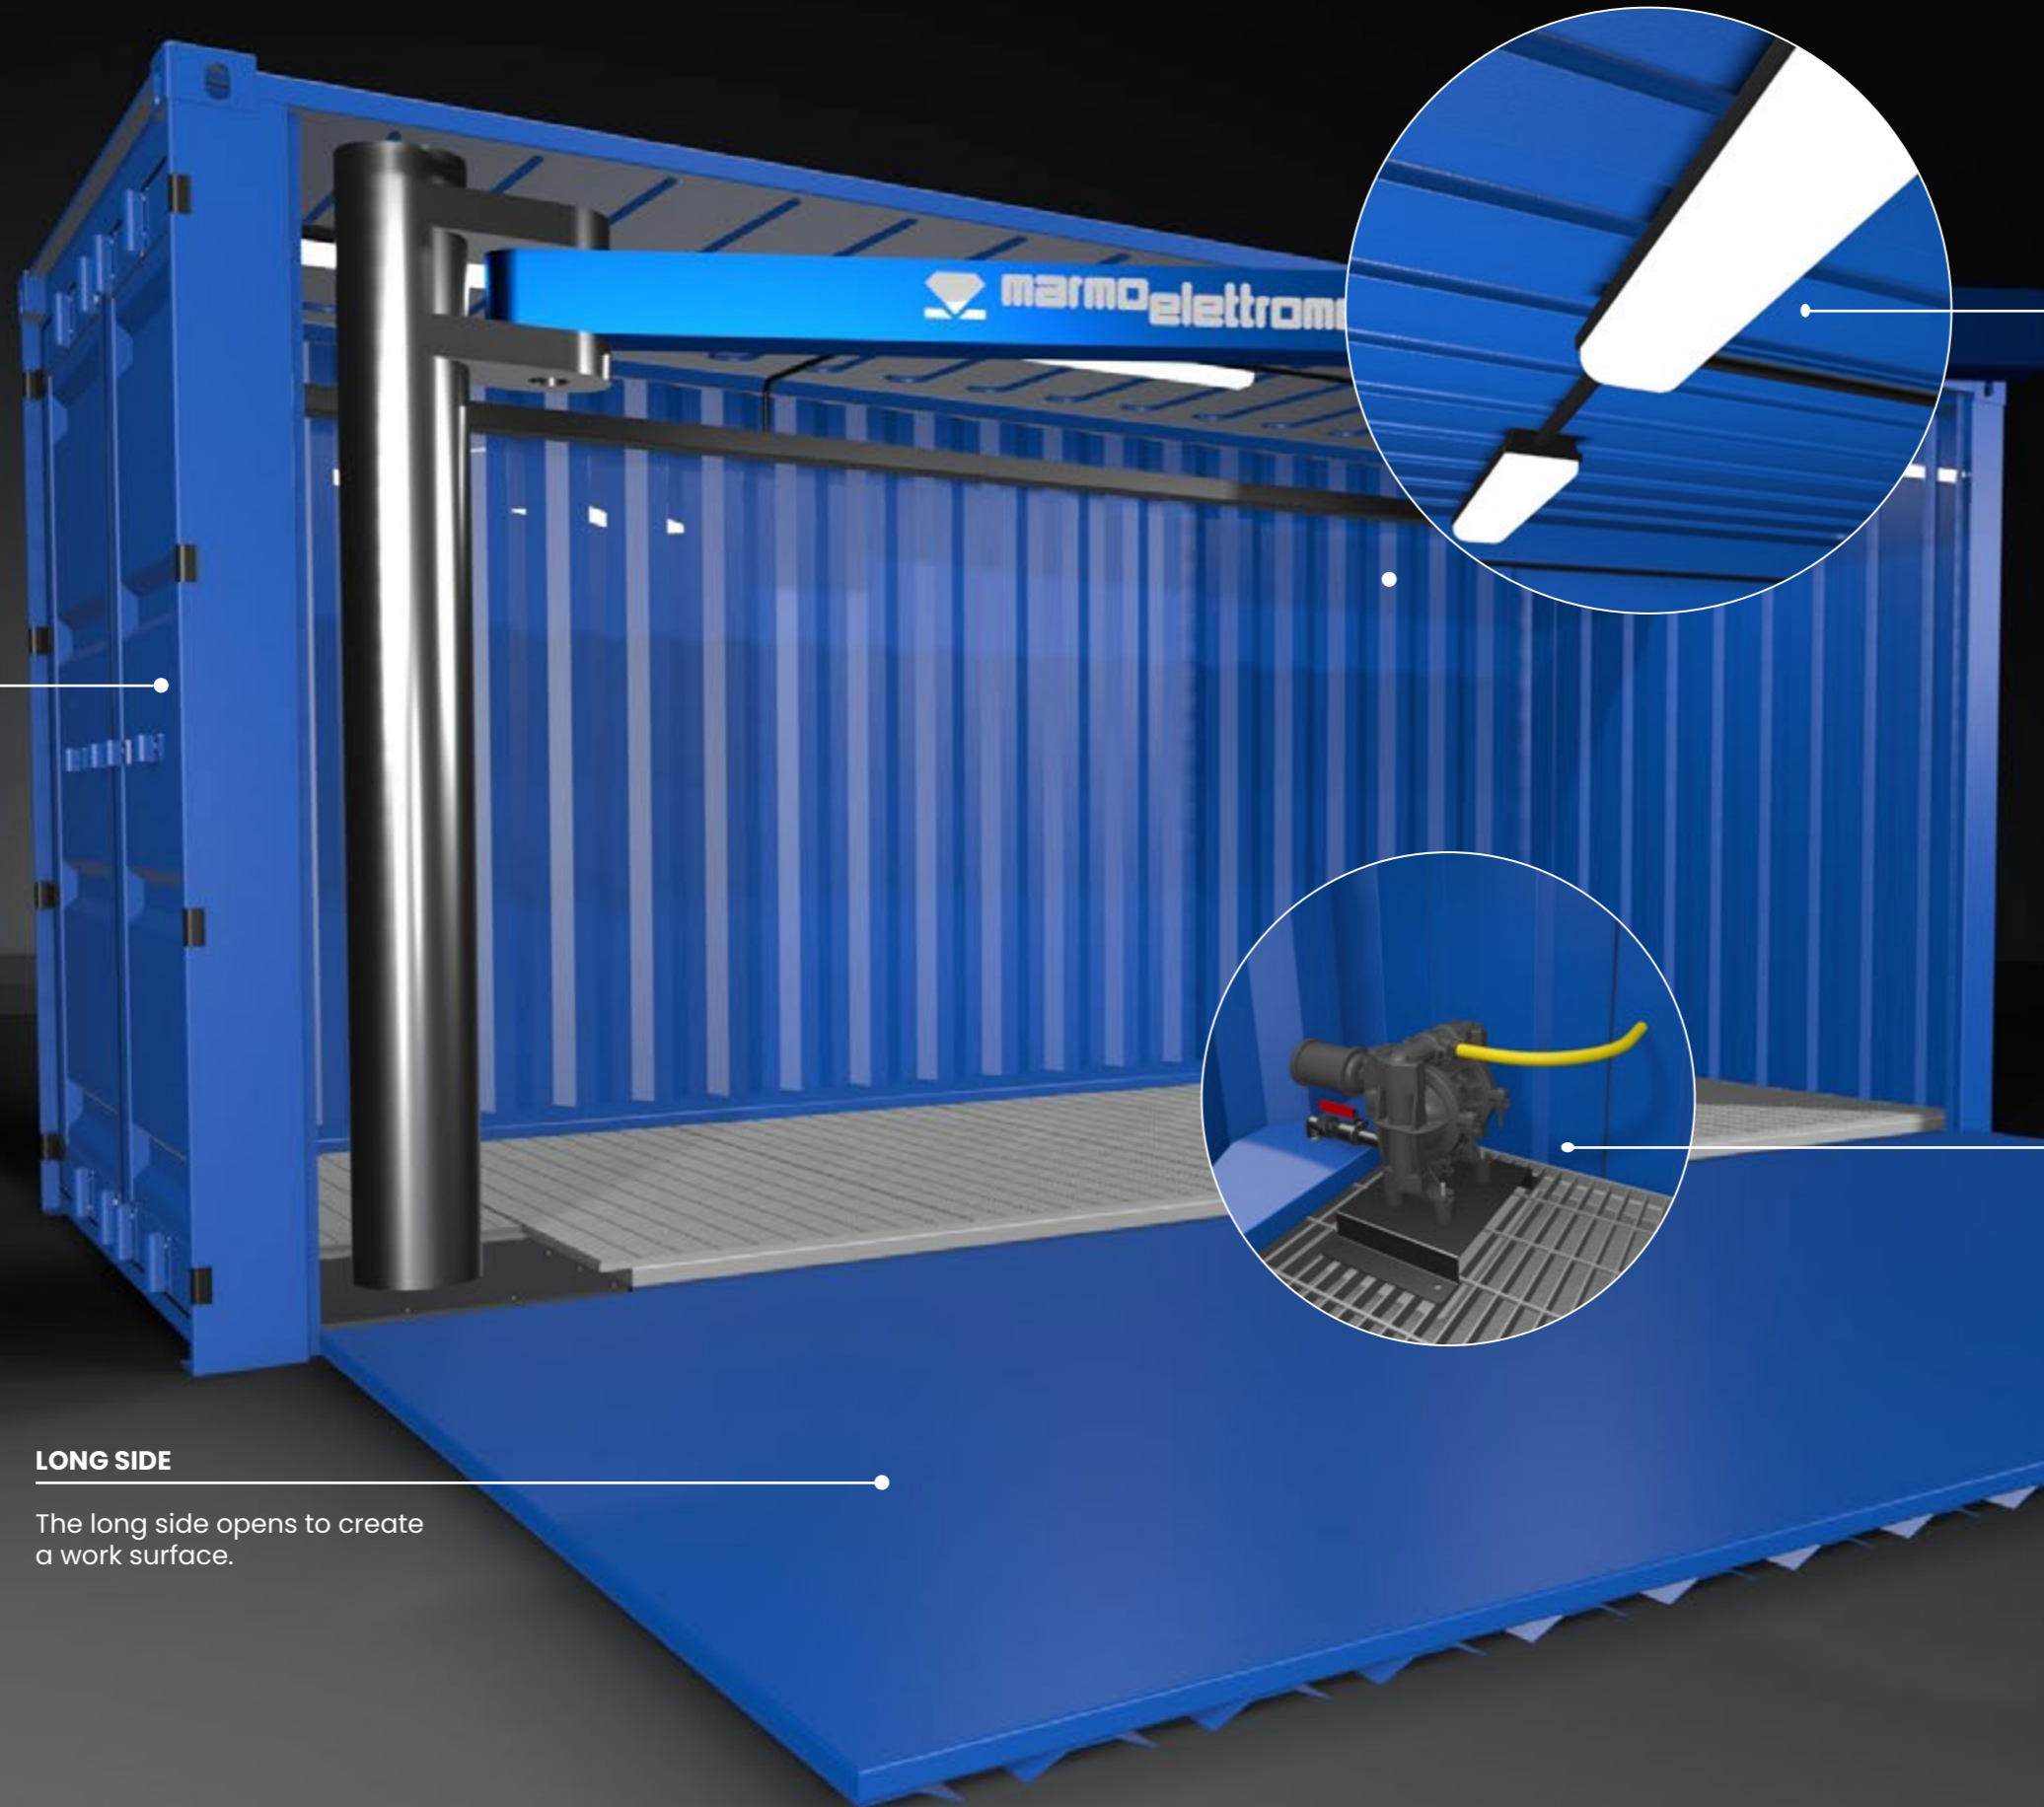

Coating
Distinctive and durable

Certifications
RINA

Features

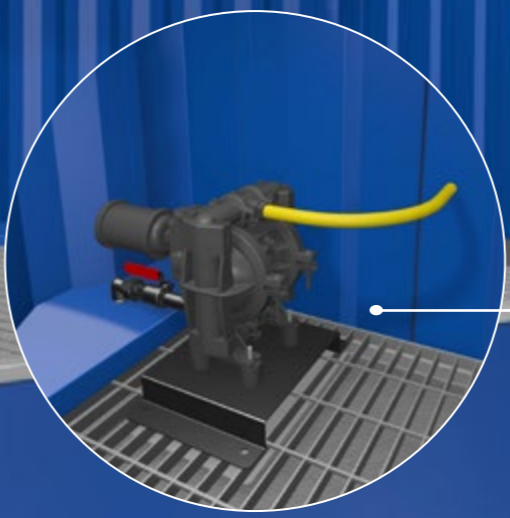

SHORT SIDE
Full opening.

LONG SIDE
The long side opens to create a work surface.

INTERNAL LIGHTING
The container is equipped with an efficient lighting system for optimal illumination.

SYSTEMS
Water supply and treatment systems, compressor, and inlet for generator set with quick connection between containers.

CURTAIN INSTALLATION

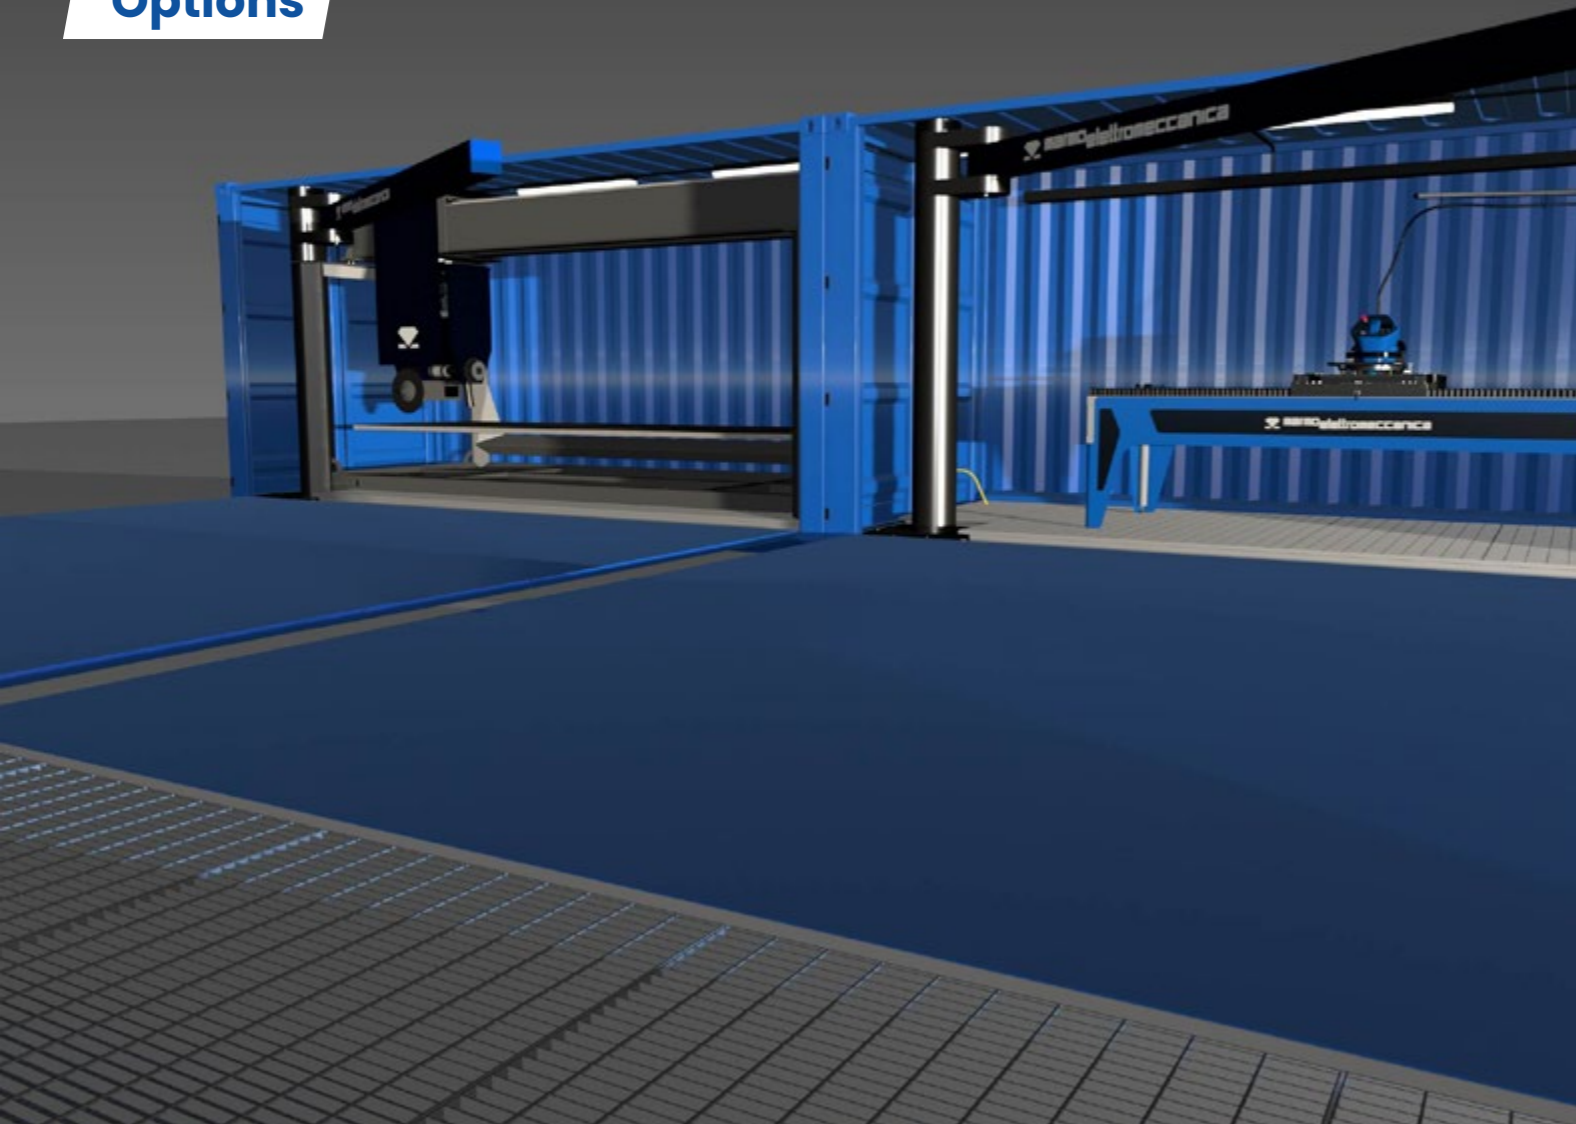

Option to install curtains to extend the coverage of the work area.

WATER COLLECTION GRID

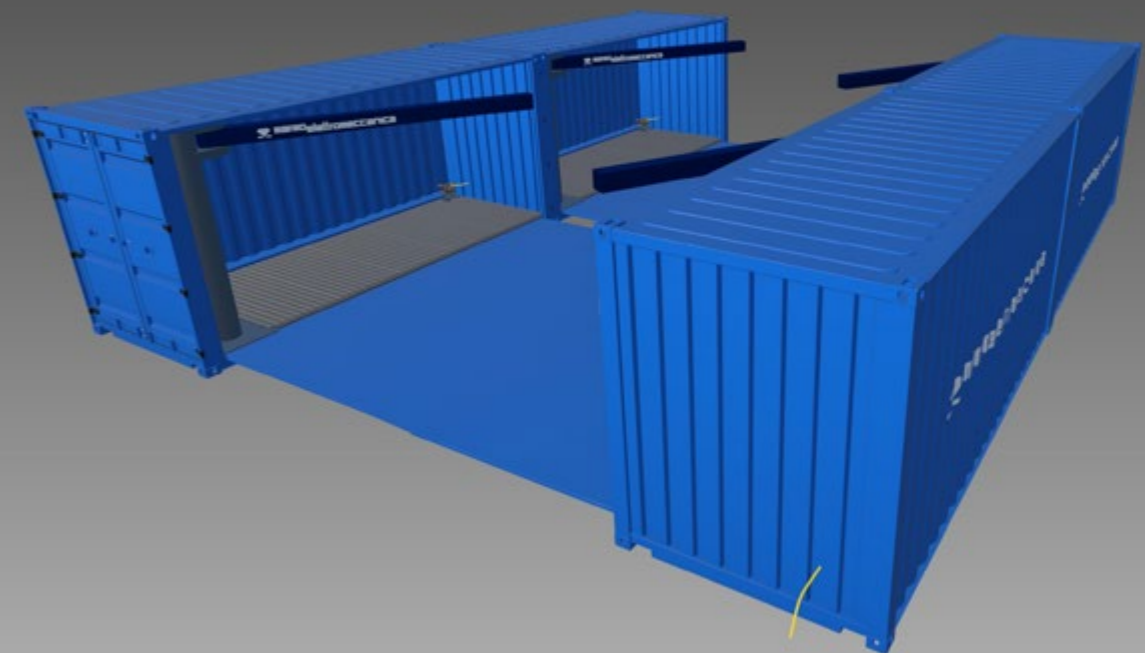

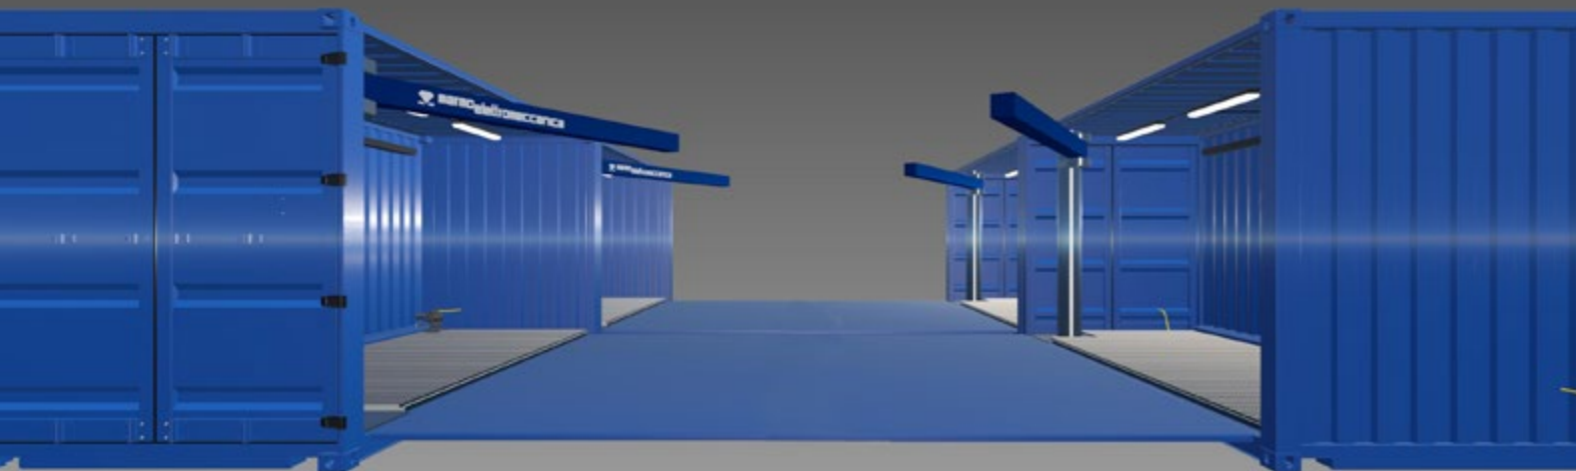

The water collection grid covers the entire container floor, efficiently capturing and directing water for easy drainage and maintaining a clean work environment.

Configuration

Options

The **MARMO MOBILE STONE LAB** can be configured in various setups, side by side or, most importantly, facing each other to expand the work area. This flexibility allows for an adaptable workspace tailored to your needs.
